

National Clinical Terminology Service Document Library Release Note

22 April 2021 v2.27
Approved for external information
Document ID: DH-3446:2021

Summary

EP-3448:2021 NCTS – Document Library v2.5

The National Clinical Terminology Service (NCTS) document library contains documentation and other resources related to the understanding, use and implementation of the products and services provided on the NCTS website. It is updated on an as-needed basis, when new or updated resources become available, or when existing resources need to be withdrawn.

Updated

Australian Medicines Terminology v3 Model Editorial Rules v2.9

This document specifies the editorial rules for the Australian Medicines Terminology (AMT) and focuses on the naming conventions and rules associated with all description types for concepts in the AMT v3 model.

The updated sections are as follows:

- Appendix F Units of Measure
 - Appendix F Proportions
-
